Minutes from the May 08 Meeting.

The President, Murray Aldridge, declared the meeting open, welcoming those present, to this our Annual Auction evening. A motion was then called for, acknowledging that the minutes of the May meeting as printed in the Bulletin were a true record. Moved by S. Vavayis.

He then made the comment that it was great to see the new faces present. He also mentioned that Kevin Wilson (Grouchy), is not with us to-night, having suffered a fall at home, suffering a fractured ankle. He wished him a speedy recovery on behalf of all the members.

Murray then announced that the Beginners Group (before the Meeting) will be rested for a while. A thank you to Jan Robinson for organising the successful Bus Trip to "Orchids Out West" and another to Jan's Husband, David, for driving the bus. Everyone had a really good day.

Another thanks was extended to See Ting Ho, for the design and having the Society Banner printed which was displayed below the Auction plants to-night. It should draw a lot of attention when we attend fetes and shows.

Dennis Diehms (Dendi Orchids) from Griffith, will be our guest speaker at the June meeting, talking on Phalaenopsis with plants for sale, as well as cattleya's. You may have seen Dennis at most of the Orchid Fairs. As we have in the past, when we have a guest speaker, there WILL NOT be a Society plant sale, only accessories. PLEASE NOTE.

The next meeting is the Monday of the long weekend, the last meeting before our Winter Show. Show Secretary, Diane Hannah is asking for volunteers to do potting demonstrations, helpers etc. Booking- in sheets are available to-night and at the June Meeting. If you can help at the Show, at the sales table or in any capacity see Diane at the meeting or contact her at 9521 6209, The Winter Show SET-UP is from 1 p.m. if you can help and plants will be accepted from 4 p.m. to 6 p.m. The Show Schedule is included and where possible try and fill your sheet in before hand. If you wish to sell those spare plants at the show, remember 2 tags, one with your name and the price of the plant to be sold, the other with the plant name. It is a great help if the plant is not in flower to put the colour on the back of the tag, becomes a great help for the sellers on the stall. Of course a clean and healthy plant, the 15% commission applies to all sales.

The President with the band of helpers (Bob Moar, Wal Chapman, Russell Ettrick, Dennis Wood, and at the table George Birss, Nev. Roper with the quick mathematics and Louise), moved the sales along , with Murray thanking the members who placed orchids in the auction with a thank you to the people who kindly donated plants.

To-night 159 plants were benched.

From the Secretary's Bag.

We are looking for help, can you? There are vacancies on our committee. The Committee meets on the 1 st. Wednesday of the month in a hall at Loftus. The meeting usually goes to just over an hour and we discuss the issues involving YOUR Society in a friendly atmosphere. Help is urgently needed.

Editors Corner.

By the time members receive this, Mike Hitchcock will have had an operation. We wish him well with a speedy recovery, but Mike when you do get home, don't race up to the bush-house to check on the plants in the first minute ??

May I take this opportunity to thank one and all, for the calls and offers of help to me after the accident I had. It is very appreciated.

“ORCHIDS OUT WEST” BUS TRIP

After a stern lecture from our driver about “no laughter or orchid talk allowed,” we are on our way to the Orchids Out West Show. Not everyone going to the Hawkesbury Race Course in Clarendon gets a tour of downtown Windsor, but hey, this is the “luxury” trip, not the “no frills” excursion! (Sorry about the stuff up in the navigation—that was my fault, not the Driver’s!)

Once we find the Show venue, our driver pulls up in front of the main door---and who is there to greet us but none other than my old friend, the Ayatollah. Disregarding his usual tirade, various passengers of the bus practically bowl him over in their haste to get to those vendor stalls before the best orchids are snapped up.

Some of us have a look at the group displays first, searching for ideas to pinch for our own display at the upcoming Sharkies competition. Louise surreptitiously snaps photos, taking special note of the plant labels used as well as the arrangement of the flowers. Should we include a water feature in our display? Or a giant Buddha? Stay tuned to find out!

Other members of our group ignore the displays and head straight to the vendor stalls. Once May finds out that most of the vendors take Bankcard, the spendup is on!! She makes friends with the woman at the plant crèche at the front door and is soon plying her with bags of phaleanopsis and exhibition cattleyas to hold until they can be loaded onto the bus. Bob lurks around Orchid Species Plus while George gamely asks the vendors if they want to contribute a freebie plant as a lucky door prize for a busload of Sutherland Shire orchid enthusiasts. May just keeps on using that Bankcard.

Peter, Rosemary, John and Phillip have a good look at the cymbidiums on offer. Gordon is delighted to find a non-orchid plant for a relo’s birthday pressie. Mike makes numerous circuits around the vendor stalls, making sure he hasn’t missed anything “good.” Warren, Judy and John try to act like they aren’t buying much---but what is in all those bags?? Spiro continues to check his watch, isn’t it time to head to the pub yet?!

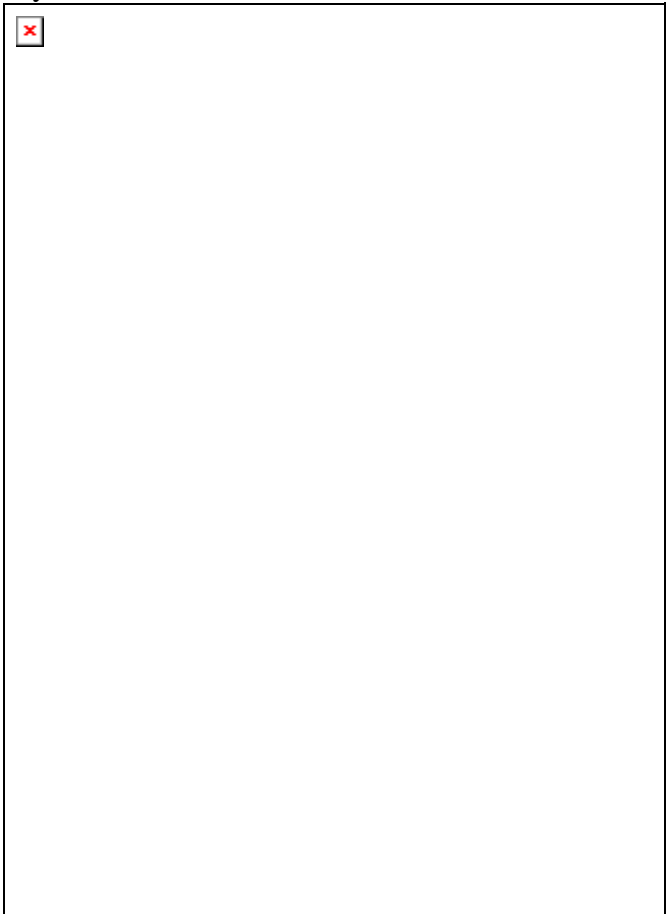

While May has one last flurry of spending, the rest of our group start loading up the bus. Plants in the back seats, plants in the aisles, plants crammed all around the driver—and then we have to find room for all of May’s purchases! Spiro can’t wait any

longer; he heads to the pub on foot with his wife. Where are John and Phillip? They don’t want to leave their plants on the bus while we are having lunch in fear of sunburn or heat stroke, so have left their goodies in refrigerated care. A 400-meter drive, then we all lecture the driver about where to park the bus so our plants don’t get roasted. He kicks us out at the pub and drives off in a huff in search of shade.

Spiro was obviously saving his money to buy his lunch—you should see the size of that steak! A few beers go down well with the group. Eventually everyone gets their food and the stories start to get bigger. Time to head back to Sutherland? Not yet, we have to go pick up John and Phillip’s cymbids. No, May, you can’t have one last go!!

On the way home a raffle is held, there are four prizes available. Is it a bit sus that the three bus trip organisers (George, Mike and Jan) all win a raffle prize?! Where is the auditor when you need him?! May wins the fourth prize, thank goodness it is a bottle of fertilizer and not another plant. Here we are, back at Sutherland. Time to distribute all the plants and take a group photo. Thanks for joining in all the fun, and hope to see you on our next bus trip!
